

Heaviest Bomb Raids in Months

By GEORGE KESPER
Associated Press Writer
LACON (AP) — U.S. B-52 bombers made their heaviest raids in nine months overnight, attacking North Vietnamese supply depots, bridge, Laos, across the frontier in the A Shau Valley and farther south along the Cambodian border.

About 60 B-52s, four-fifths of the Strategic Air Command's bomber fleet in Asia, flew from bases in Thailand, Guam and Okinawa to drop nearly 8,000 tons of explosives.

The targets of the raids were North Vietnamese supplies being moved into South Vietnam.

The raids on Laos and the A Shau Valley were ordered after trucks were sighted in the valley for the first time in more than a year.

American bombers, helicopter gunships and artillery attacked the trucks and a warehouse. The U.S. Command said 14 North Vietnamese soldiers were killed, but heavy enemy machine-gun fire kept American spotter pilots from assessing the damage to the trucks and warehouses.

Later the B-52s went after the North Vietnamese depots in Laos that receive supplies coming down the Ho Chi Minh Trail and feed them across the border to the A Shau Valley, the biggest North Vietnamese supply base area in South Vietnam.

Official sources said truck movement along the Ho Chi Minh Trail is "very heavy this year, heavier than last year." They said however, that enemy movement always increases at this time of year because it is the dry season.

"They are maintaining this option of launching an offensive," one source said. "Whether they are going to exercise it or how they're going to use it remains to be seen."

Pointing out that the Tet festival of the lunar new year comes in two weeks, on Feb. 6, one source said the U.S. Command expects to see an increase in enemy offensive activity, "but the current pattern of enemy actions makes it clear that he wants to avoid attacks that might result in large numbers of casualties."

Increased action was reported today in all four military zones of South Vietnam.

The U.S. Command said there were 29 enemy rocket and mortar attacks between 8 a.m. Sunday and 8 a.m. today, about half of them in Tay Ninh Province north of Saigon. Three Americans were reported wounded, and South Vietnamese casualties were reported light.

Allied ground and air forces claimed 161 North Vietnamese and Viet Cong killed in a dozen fights during the 24 hours. Nine Americans were killed and five wounded. South Vietnamese losses were reported as seven wounded.

One unit of the U.S. 173rd Airborne Brigade had five men killed and four wounded in an ambush on the coastal plains. Only two enemy soldiers were reported killed.

In Da Nang, meanwhile, U.S. Marine sources said most Marines who have served nine months or more in Vietnam will be among the 12,900 Leathernecks being withdrawn from Vietnam by April 15, in previous Marine withdrawals, the cutoff time was 11 months.

Exceptions will include men with special skills—chiefly aviation—for whom replacements are scarce and men who extended their normal one-year tours in Vietnam six months.

American troop strength in Vietnam increased last week by 4,700 after a three-week decline, the U.S. Command reported, but it still remained well below the current ceiling of 484,000. The weekly summary put the U.S. strength at 469,900 compared to 465,200 the previous week.

U.S. spokesmen said American troop strength fluctuates from week to week and that the rise last week was an "administrative adjustment" reflecting replacements for troops on normal rotation after their year's tour in Vietnam.

Israeli Jets Strike Egypt Mortar Posts

TEL AVIV (AP) — Israeli jets struck for more than an hour today at Egyptian mortar and antiaircraft positions along the central sector of the Suez Canal following a weekend of fighting on all Israel's fronts.

The Israelis denied reports that the Arabs shot down three Israeli planes and attacked a radar station Sunday.

GWEN MCJUNKINS

MAGNOLIA — Gwendolyn Joyce McJunkins Webb of Saratoga will be a candidate for the bachelor of science in education degree at Southern State College at the end of the fall semester.

Midyear graduates will be awarded diplomas at commencement here May 29 with the spring graduating class, according to James L. Smyth, registrar. The daughter of Mr. and Mrs. James McJunkins of Saratoga and a graduate of Saratoga High School, Mrs. Webb attended Texarkana College before enrolling at Southern State, where she has been vice president of the Dormitory Council and a member of Phi Sigma Chi, affiliate of the Association for Childhood Education.

The wife of Bobby J. Webb of Columbus, Mrs. Webb is a senior elementary education major specializing in psychology at Southern State.

Local Band Members Place in Region Meet

Hope High School Bandmen competed for positions in the all region band Saturday at Murfreesboro. The players were judged on pre-assigned material to determine general playing ability and technique, and were given a music sight reading exam to test their ability to instantly comprehend new material.

Those placing were: Polly King, Mary Nell Branch, Kathy Watson, and Acquetta Smith—clarinet; Ken Trout, Ashley Hoggard—Trombone; Sheila Wheeler, Mary Jane Reyenga—Baritone horn; Andy Stone—Tuba; Marilyn Dodson—bass clarinet; Don Williams — drum; Doug Byrd—Baritone Sax; Mike May — Basson.

Doug Byrd and Don Williams were rated in the top five percent of the 800 who were tested, and are now eligible to try out for all state honors.

Three Traffic Fatalities in Arkansas

By THE ASSOCIATED PRESS
Three persons died in traffic fatalities on Arkansas highways over the weekend.

Mrs. J. C. Whitelaw, 63, of Malvern was killed and three other persons were hurt Sunday morning in a two-vehicle collision on Arkansas 9 about 10 miles south of Malvern.

Mrs. Whitelaw's 56-year-old husband, the minister of Malvern's Rockport Baptist Church, and a passenger in their car, Mrs. Birdie Lee Tate, 51, of Malvern, were injured seriously. The driver of the other vehicle, a pickup truck, was Charles Jones 41, of Route 1, Leola, who was hospitalized at Malvern.

Two persons died and six others were injured Saturday in a head-on collision between two cars two miles west of Warren on Arkansas 4.

The dead persons were identified as Robert Earl White, 17, of near Hampton and Eligita Lee Golden, 18, of near Bartlett. State Trooper Gray Allen said White was trying to pass another vehicle on a hill and collided head-on with an auto driven by Thomas Pickett, 14, of near Bartlett.

The trooper said Pickett and four other persons in his car were injured and one other person in White's auto was hurt.

THOUGHTS

For we ourselves are once again, slaves to various passions and pleasures, passing our days in malice and envy, hated by men and hated by another. — Eph. 2:3

A chip on the shoulder is too heavy a piece of baggage to carry through life. — John Hancock, American patriot

Army Thinks Cut to Be Improvement

By FRED S. HOFFMAN
AP Military Writer

WASHINGTON (AP) — Some generals believe a 25 per cent cut in the size of Army divisions would improve their fighting effectiveness and reduce their cost.

Army planners argue that better ammunition, artillery and tanks, plus more efficient communications and other advances make it possible to trim present divisional strength from nearly 16,000 men to about 12,000 or 13,000.

"We're almost forced to go this way because of the cost," one source said. "But we should be doing it anyway."

There was no estimate of how much money might be saved by such a slimming down.

Secretary of Defense Melvin R. Laird estimated recently that deactivation of a full infantry division yields a saving of about \$500 million a year.

Armored, mechanized and airborne divisions cost more because they incorporate larger numbers of such vehicles as tanks, armored personnel carriers and helicopters.

Development of smaller, more effective divisions might enable the Army to shave off a substantial cut in the number of its divisions. Some generals have fore-

cast the Army may be down to 11 or 12 divisions by 1975 from the present level of 17 and a third divisions.

Budget pressures combined with a redirected U.S. foreign policy away from overseas involvements point to a smaller Army, as well as reductions in the other armed services.

Army generals shaping the force of the future think it's highly possible that, with advanced equipment already in being or on the way, three smaller divisions could function more effectively than two larger ones.

Some experimentation has been done with a new concept combining the best fighting features of armor and helicopter-borne forces in a single division.

Searching for the right formula, the Army has gone through a series of divisional reorganizations back to World War II.

The triangular division of about 17,000 men and three regiments was followed by the Pentomic division designed to live on the atomic battlefield and ranging in size from 11,500 to 14,600 men.

Then, seven years ago a new "building block concept" was adopted under which divisions were formed of varying numbers, types and combinations of battalions to suit the mission and objective. This, essentially, is the present divisional organization.

Rice, by far man's most widely used food, nourishes 60 per cent of the world's population, according to the Encyclopaedia Britannica.

State Court Won't Halt Prosecution

LITTLE ROCK (AP) — The state Supreme Court refused today to prevent the city of Fort Smith from prosecuting a news agency on charges of selling obscene literature.

The high court did not rule, however, on the question of obscenity.

Authorities at Fort Smith seized a number of magazines Oct. 17, 1968, at the S & S News agency on grounds that they were obscene.

The operator of the agency was ordered to sell them no more.

The agency argued before Chancellor Warren O. Kimbrough in Fort Smith that the U.S. Supreme Court, in Cent vs. Arkansas of 1965, that the magazines could be sold legally, but Kimbrough upheld the city's action.

He declined to grant the agency's request for an injunction against further harassment by Fort Smith police.

On the appeal by the agency, the Supreme Court today said the case should have been carried to Circuit Court, rather than to Chancery Court.

The high court also said it would not issue a blanket injunction forbidding city action against all subsequent issues of the magazines involved without knowing what they are to contain.

In Cent vs. Arkansas in 1965,

Obituaries

MATTIE ROYSTON

Mattie Isabelle Royston, 96, of Fulton, died Sunday. She was a retired school teacher and member of the Presbyterian Church in Washington. She was a teacher for Arkansas School for the Blind and for Arkansas School for the Deaf for over 30 years.

Surviving are a brother, Dr. G.D. Royston of Hope; two sisters, Mrs. J.J. Battle of Washington and Mrs. R.P. Hamby of Prescott.

Funeral services will be at 10:30 a.m. Tuesday at Washington Presbyterian Church by the Rev. James Sewell. Burial will be in Washington Cemetery by Oakcrest Funeral Home.

Episcopals to Close Seminaries

NEW YORK (AP) — The Episcopal Church will close at least six of its 11 seminaries because they have been reduced to "begging for money . . . simply to keep their doors open," a church official says.

The Rev. Almus M. Thorpe Jr., executive director of the church's Board for Theological Education, disclosed the reduction of seminaries in a sermon Sunday.

The U.S. Supreme Court ruled that magazines seized at Pine Bluff did not stir prurient interest in their readers.

Proceedings in Arkansas High Court

By THE ASSOCIATED PRESS

Prison System Hearing to Start Today

LITTLE ROCK (AP) — A hearing on the Arkansas prison system was to begin today in U.S. District Court in Little Rock.

Judge J. Smith Henley has indicated that he will use the occasion to review the constitutionality of the prisons' trusty guard system.

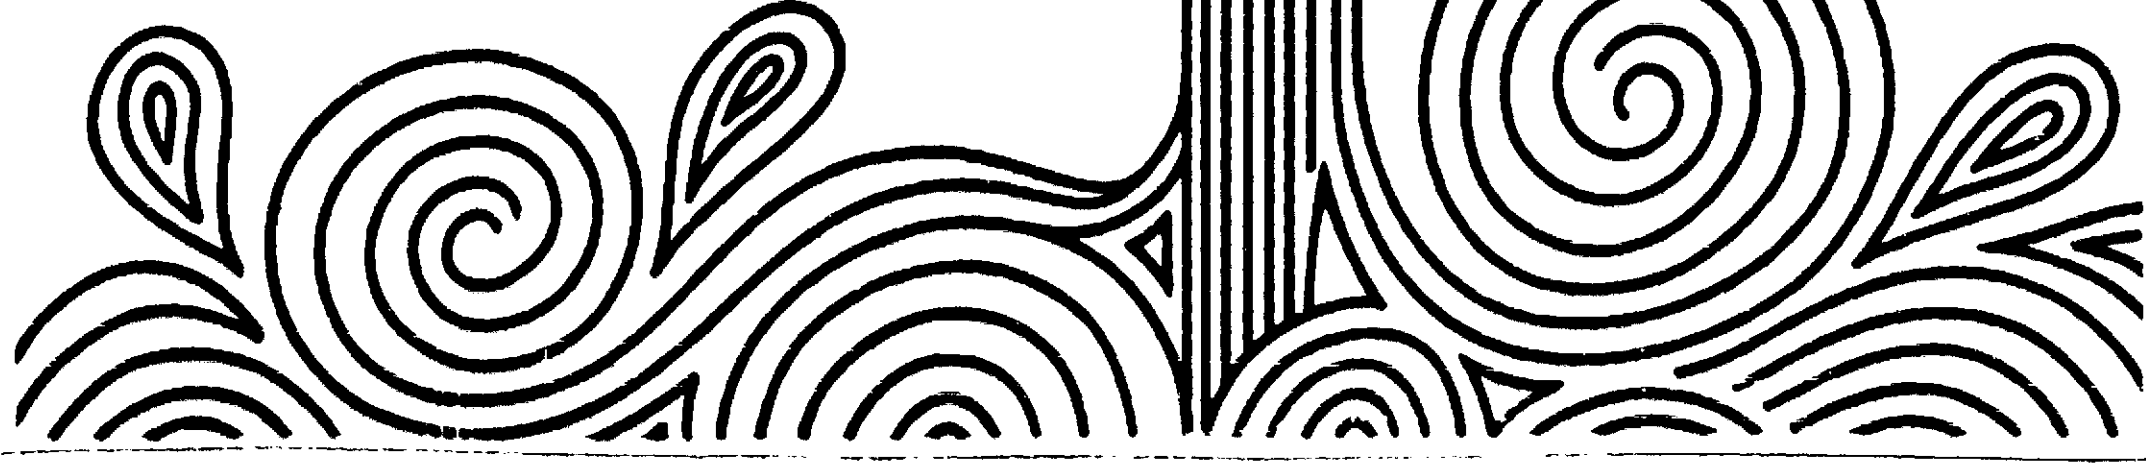

The hearing will be on a number of inmate complaints consolidated in a suit against the prisons.

Henley also has been asked to determine whether forcing inmates to work in prison farm fields without any type of compensation constitutes involuntary servitude.

Electric water heaters give you a real run for your money.

They're fast on the draw. They're economical to buy and operate. They require no special venting, making them easy to tuck away in a closet, under the house or under a stairway. Your electric appliance dealer or plumber has all the details about our \$25 wiring allowance and Reddy Plan financing. It's the modern way to get plenty of hot water. And get a real run for your money at the same time.

Pistol Pete Closing in on Record

By SHEILA MORAN

Associated Press Sports Writer
Pistol Pete Maravich of Louisiana State continues his assault on the college career scoring record tonight, needing only 66 points to replace Oscar Robertson as the all-time leader.

Maravich, who averages 47 points a game, could possibly break the record at home tonight against Tennessee, but it would require a super effort against one of the nation's top defensive teams.

It is more likely that Maravich will bridge the gap between second place and immortality and top the 9,275 total achieved by Robertson at the University of Cincinnati when LSU hosts Mississippi Saturday night.

Maravich whipped into second place, 21 points past Elvin Hayes on the all-time list, by scoring 55 for a 2,905 career total in LSU's 109-96 loss to No. 2 ranked Kentucky Saturday night.

At San Antonio, meanwhile, little St. Mary's of Texas surprised Hayes' alma mater, Houston, the nation's seventh ranked team, 76-66 in one of the most notable upsets of the season. St. Mary's, a college division standout, overcame an early 12-point deficit and dealt the Cougars their second loss in 14 games.

Elsewhere, top-ranked UCLA whipped Wyoming 115-77 at Los Angeles with Curtis Rowe's 25 points and Sidney Wicks' 24 leading the charge. However, UCLA Coach John Wooden directed his post-game comments to the Pacific 8 Conference game at Seattle where Washington and Washington State bogged down in a slowdown struggle in Washington's 37-36 nod.

"The rules committee had better get busy," Wooden said. "They can't do it (change things) with marks on the court. If teams really want to stall, you just can't stop them."

St. Bonaventure ranked fourth in The Associated Press poll, kept pace with UCLA and Kentucky on the dwindling unbeaten list by pounding Canisius 62-49 and No. 5 New Mexico State, 16-1, stopped Texas-El Paso 90-77.

No. 8 Marquette, 13-1, beat Xavier of Ohio 82-73. No. 10 North Carolina State, also 13-1, nipped Duke 77-76.

No. 11 Davidson and No. 14 Pennsylvania escaped upsets in overtime battles. Davidson got by Princeton 71-64 and Penn downed St. Joseph's of Pa. 63-56.

No. 13 Ohio University, beat Kent State 77-68; No. 15 Southern California shellacked Arizona State 108-95, and Iowa, tied for 18th with Louisville, romped past Tennessee Tech 96-68. Louisville bowed to Drake, the Missouri Valley leader, 86-75.

Kansas State, tied with Duke for the No. 16 spot, lost 66-60 in an exhibition scramble against Athletics in Action, a strong but unheralded club team.

No. 3 South Carolina; No. 6 Jacksonville; No. 9 North Carolina; No. 12 Illinois and No. 20 Notre Dame were idle.

Burnt Pokers Will Say That Baylor Is Real

By THE ASSOCIATED PRESS

The burnt Arkansas Razorbacks will tell you Baylor is for real. You better believe it, brother, was the word Saturday night after the Bears handed Arkansas its worst basketball whipping as far as total points are concerned in the school's history—110-76.

The Bears maintained their grip on first place in the Southwest Conference race with the victory. Baylor is 3-0 and being hotly pursued by Rice, Texas A&M, and Texas Christian—all at 2-1.

The heroes were many. Larry Gatewood had 24 points, William Chatman 21, Tommy Bowman 20, Tom Friedman 18, and Hal Fees 16.

Still with an outside shot at the title are SMU, Texas Tech and Texas with 1-2 records. Arkansas is 0-3.

A full slate of activity is on tap this week. On Tuesday night, TCU is at Arkansas, Texas Tech at Baylor, Texas A&M at Rice, and Texas at SMU.

Baylor is at TCU and Arkansas at Texas Tech in games Saturday night. That afternoon, Rice plays in Austin against Texas at noon before the television cameras followed at 2 p.m. by the SMU-Texas A&M tussle from College Station, also on TV.

Bobkittens Stunned by Fairview

By BILL MOORE

Hitting only four points in the second half Saturday night, the Yegger Junior High Bobkittens were outgunned, 37-18, by the Fairview Cardinals.

The Bobkittens shot out to a quick 5-2 lead on baskets by Buddy Ingram and Don Lively, and a free throw by Jay Barrentine. Fairview then pulled to within one 5-4.

Danny Joyce hit two points and Buddy Ingram added a three point play to give Hope a 10-4 lead at the end of the quarter.

In the second segment Fairview hit five baskets while limiting Hope to four points, on a basket by Joyce and a pair of charity shots by Ingram, to knot the score at 14 all, at the half.

Hope couldn't seem to catch any fire in the second half as Fairview used their height and shooting ability to score almost freely while their defense held the Bobkittens to only four points.

The Cardinals took a 16-15 lead before Ingram hit a free shot with 5:29 left in the third quarter. Once again Fairview scored for a 20-15 margin, before Joyce hit a jumpshot to narrow the lead to three, with 0:47 left.

Fairview built up a comfortable 30-17 cushion in the fourth segment, before Joyce hit the last point to trail 30-18 with 2:05 remaining.

Substitutes were then sent in by both squads to play the remainder of the time. Hope's record is now 5 wins and 8 losses.

On Friday night Malvern edged the Hope Juniors by a 32 to 28 score.

Dan Issel, Kentucky, Kentucky Colonels; Sam Lacey, New Mexico State, New Orleans Buccaneers; Bobby Croft, Tennessee, Dallas; and Charlie Scott, North Carolina, Washington.

Fairview Finally Wins Over Hope

By RALPH ROUNTON

Star Sportswriter
Almighty Fairview was brought down to size here last Saturday night by the Hope Bobcats, but the Cardinals got away with a tight 61-51 triumph in the end.

Those Greens and Pattons from Fairview had to fight for their lives with Bobcats John Dudley and Larry Muldrew, and it was the outside shooting and good defense that had to come through to make the Cards 15-3 for the season and 3-1 in 4-AA West. Hope is now 9-8 and 1-3, but it still looks good.

Both schools started jumpy and without much finesse, until Muldrew opened the scoring at 6:50 with a 15-foot jumper. After Rex Horne had evened it, John Dudley got an easy tipin and Hope led 4-2.

Fairview played it close, which eventually meant foul trouble. Mike Green, the 6-7 postman, hit two buckets to keep a 7-7 tie with 2:11 left in the period, before the Cardinals got their first jump.

Shady Patton provided four points and Lewis Pryor sank some free throws, and at the quarter the Bobcats trailed it 13-8.

Although Patton and Green soon got their third personals, the latter meshed a 20-footer for a 19-10 Fairview lead at 4:20 of the second segment.

Now the Cats fought back with two four-point bursts while the Cards only sank three foul shots in between, and the difference was down to 22-18 two minutes before the break.

After a quick basket-trading session, though Hope shut down for the half and Pryor got four points in the last 20 seconds for a 28-20 margin at halftime.

By now Green had been awarded his fourth foul, but Hope only had made 4 of 12 foul shots while Fairview was 6 of 8 and had the lead.

In an earlier meeting the Cardinals had broke open the game with a fast third-quarter start, and Pat Foster's forces nearly did it again.

In 50 seconds Harris canned from 20 feet and Pryor split the cords from 18, making it 32-20 and forcing a quick Hope timeout.

With Green on the bench until the last period, though, Fairview soon showed it couldn't handle Dudley and Muldrew, though their defense did stop any outside threat by the Bobcats. The misfortune continued until Pryor busted the net from the foul line for a 42-31 spread as the clock registered 2:30 remaining in the third frame, when things changed around quickly.

First Dudley scored, then Muldrew, then Dudley again, then Muldrew again, all from inside five feet. It was 42-39, and another Dudley tipin cut that to a mere 43-41 starting the fourth and final quarter.

Hope fans went wild when Green fouled out at 5:40, and Muldrew hit both ends of a 1-and-1 to make it only 46-45 for the Cards. But, strangely, the inside success of the Cats ended right there.

The Bobcats would not score for nearly four minutes, when Fairview was putting it away with the scoring of Horne and sub Harlan Calahan. They made the tally 54-45 with 1:55 to go, and Hope got no closer than six points the remainder of the way.

Patton fouled out, a rare occasion for one of the state's best players, with only 14 points, way below his average of about 26 ppg. And the big difference was the Bobcats' lack of outside success against a tough Fairview pressure defense.

The two teams, Hope and Fairview, meet again in the season finale on February 27 at Camden. That should be a good one.

This week Hope only has a Saturday night game slated, that a road trip to Camden Lincoln to face the division's only unbeaten team. Everybody will be off Friday night for the HHS All-Sports Banquet, which will honor the football and basketball teams.

Tomorrow night the Junior Girls, Senior Girls, and "B" Lizards host Mineral Springs at Jones Field House for three games, beginning at 6:00 p.m.

HOPE BOBCATS
FG FT-FTA TP
Muldrew 9 4-10 22
Dudley 7 4-10 20
Powell 2 0-0 4
Briggs 1 1-4 3

Haywood Has Rejuvenated the Rockets

By THE ASSOCIATED PRESS

There is a two-word definition of the word rejuvenated in the case of the Denver Rockets: Spencer Haywood.

The big rookie, a key figure in Denver's drive toward the top of the American Basketball Association's Western Division, scored 28 points and grabbed 26 rebounds as the Rockets topped Dallas 127-118 Sunday for their 15th straight victory.

A Denver victory in New York next Friday would tie the league record of 16 set last year by Oakland, now Washington.

New York beat Eastern leader Indiana 96-83, Washington took Miami 113-106 and Pittsburgh downed Carolina 108-101 in other ABA action Sunday. Saturday, the West trounced the East 128-98 in the All-Star game, with Haywood voted the Most Valuable Player.

In the National Basketball Association Sunday, New York topped Boston 102-96, Cincinnati belted Baltimore 129-122, Milwaukee whipped Atlanta 131-116, Philadelphia outlasted San Diego 159-131 and Los Angeles downed Phoenix 118-106.

New York held Indiana to its lowest point total of the season and blanked the Pacer's All-Star guard, Bob Netolicky—the first time in two years he has been held scoreless. Walt Simon led New York with 21 points. Mel Daniels topped Indiana with 28.

A pair of foul shots by Mike Barrett and Rick Barry's field goal clinched Washington's victory under new Coach Buddy Jeannette. Bob Verga scored 36 for Carolina.

Mike Lewis' 32 points and 26 by rookie John Brisker fired Pittsburgh to its second straight victory under new Coach Buddy Jeannette. Bob Verga scored 36 for Carolina.

Arkansas State has yet to fire a shot for keeps, but gets into league action Saturday night at Lamar Tech. The only other SLC game of the week features Abilene Christian at UT-Arlington Saturday night.

Ulysses S. Grant was the first U.S. president whose parents were both alive when he was inaugurated.

Bert Yancey Winner of Crosby Open

By BOB GREEN
Associated Press Golf Writer
PEBBLE BEACH, Calif. (AP) — "If I'd known Jack Nicklaus was shooting a 65," said Bert Yancey, "things might have been different. I might have taken the big apple."

But Yancey, blissfully ignorant of the charge being mounted by the awesome Nicklaus, calmly cut out a final round 69 Sunday and won the \$25,000 first prize in the Bing Crosby National Pro-Am Golf Tournament.

Trinity Has Ability to Bounce Back

By THE ASSOCIATED PRESS

Trinity's Tigers, stung by West Texas, showed they've got the ability to bounce back from adversity Saturday night in the highlight action of non-league Southland Conference basketball play.

West Texas upset Trinity, now 12-3, Thursday night 82-74. The Tigers rallied Saturday night and clubbed scrappy Pan American 105-94.

Trinity and Lamar Tech are tied for the top spot on the Southland Conference ladder with 2-0 marks. Abilene Christian and The University of Texas at Arlington are 0-2.

Arkansas State has yet to fire a shot for keeps, but gets into league action Saturday night at Lamar Tech. The only other SLC game of the week features Abilene Christian at UT-Arlington Saturday night.

A pair of foul shots by Mike Barrett and Rick Barry's field goal clinched Washington's victory under new Coach Buddy Jeannette. Bob Verga scored 36 for Carolina.

Mike Lewis' 32 points and 26 by rookie John Brisker fired Pittsburgh to its second straight victory under new Coach Buddy Jeannette. Bob Verga scored 36 for Carolina.

Arkansas State has yet to fire a shot for keeps, but gets into league action Saturday night at Lamar Tech. The only other SLC game of the week features Abilene Christian at UT-Arlington Saturday night.

Ulysses S. Grant was the first U.S. president whose parents were both alive when he was inaugurated.

WANTED!
Men & Women
Age 18 and over, Prepare now for U.S. Civil Service job openings during the next 12 months. Government positions pay high starting salaries. They provide much greater security than private employment and excellent opportunity for advancement. Many positions require little or no specialized education or experience.

But to get one of these jobs, you must pass a test. The competition is keen and in some cases only one out of five pass.

Lincoln Service has helped thousands prepare for these tests every year since 1948. It is one of the largest and oldest privately owned schools of its kind and is not connected with the Government.

For FREE booklet on Government jobs, including list of positions and salaries, fill out coupon and mail at once—TODAY! You will also get full details on how you can prepare yourself for these tests.

Don't delay—ACT NOW! I am used by the State Board of Education.

LINCOLN SERVICE, Dept. 22-45
Pekin, Illinois
I am very much interested. Please send me absolutely FREE (1) A list of U.S. Government positions and salaries; (2) Information on how to qualify for a U.S. Government job.

Bert Yancey Winner of Crosby Open

By BOB GREEN
Associated Press Golf Writer
PEBBLE BEACH, Calif. (AP) — "If I'd known Jack Nicklaus was shooting a 65," said Bert Yancey, "things might have been different. I might have taken the big apple."

But Yancey, blissfully ignorant of the charge being mounted by the awesome Nicklaus, calmly cut out a final round 69 Sunday and won the \$25,000 first prize in the Bing Crosby National Pro-Am Golf Tournament.

Haywood Has Rejuvenated the Rockets

By THE ASSOCIATED PRESS

There is a two-word definition of the word rejuvenated in the case of the Denver Rockets: Spencer Haywood.

The big rookie, a key figure in Denver's drive toward the top of the American Basketball Association's Western Division, scored 28 points and grabbed 26 rebounds as the Rockets topped Dallas 127-118 Sunday for their 15th straight victory.

A Denver victory in New York next Friday would tie the league record of 16 set last year by Oakland, now Washington.

New York beat Eastern leader Indiana 96-83, Washington took Miami 113-106 and Pittsburgh downed Carolina 108-101 in other ABA action Sunday. Saturday, the West trounced the East 128-98 in the All-Star game, with Haywood voted the Most Valuable Player.

In the National Basketball Association Sunday, New York topped Boston 102-96, Cincinnati belted Baltimore 129-122, Milwaukee whipped Atlanta 131-116, Philadelphia outlasted San Diego 159-131 and Los Angeles downed Phoenix 118-106.

New York held Indiana to its lowest point total of the season and blanked the Pacer's All-Star guard, Bob Netolicky—the first time in two years he has been held scoreless. Walt Simon led New York with 21 points. Mel Daniels topped Indiana with 28.

A pair of foul shots by Mike Barrett and Rick Barry's field goal clinched Washington's victory under new Coach Buddy Jeannette. Bob Verga scored 36 for Carolina.

Mike Lewis' 32 points and 26 by rookie John Brisker fired Pittsburgh to its second straight victory under new Coach Buddy Jeannette. Bob Verga scored 36 for Carolina.

Arkansas State has yet to fire a shot for keeps, but gets into league action Saturday night at Lamar Tech. The only other SLC game of the week features Abilene Christian at UT-Arlington Saturday night.

May Already Be Best Pro Cage Player

Associated Press Sports Writer
INDIANAPOLIS, Ind. (AP) — Spencer Haywood, a 20-year-old athlete who had two years of college eligibility left last year when he turned pro, may already be the best player in the American Basketball Association.

He looked head and shoulders better—literally, when jumping—than many of the more experienced players Saturday as he and Denver Rockets teammate Larry Jones led the West to a 128-98 victory in the ABA All-Star game.

The 6-foot-9 rookie was named the game's most valuable player after scoring 23 points, taking 19 rebounds and blocking seven shots. Jones, the first 5,000-point scorer in ABA history, scored 30 points to break an All-Star game record.

The Denver Stars and their West teammates, including Rick Barry of Washington, Cley Powell of Dallas and Steve Jones of New Orleans, combined for a team field goal percentage of .504 despite only a few minutes warmup time.

The threat of a players strike existed until shortly before the nationally televised game. The players dressed after ABA Commissioner Jack Dolph promised the league would recognize the ABA Players Association if it represented a majority of the players.

Louis Dampier of Kentucky was the East's top scorer, with 17 points, and led a charge that brought the East to within five points of the leaders late in the third period and early in the fourth.

Haywood discussed his controversial jump into the pro ranks Saturday, saying, "I would do the same thing over again. It was the right decision."

The ABA allowed Denver to sign Haywood under a "hardship clause" in league rules. He said he needed money to help his family.

JIM P. WILSON JR.

Jim P. Wilson, Jr., son-in-law of Mr. and Mrs. George W. Robison of Hope, has been elected a Vice President of Republic National Bank of Dallas.

Mr. Wilson married the former Jan Robison of Hope in 1962, and the couple now has a son and daughter—Ward, 4, and Whitney, two-months old. The Wilsons live in Dallas at 7415 Colgate.

The son of Mr. and Mrs. James P. Wilson, Sr., of Sanford, North Carolina, Mr. Wilson came to Republic Bank in 1961, following his graduation from the University of North Carolina with a BBA Degree.

Originally assigned as a Methods Analyst, Mr. Wilson later served as a Credit Analyst before being assigned to the Correspondent Bank Division, where he presently serves. He was elected an Assistant Cashier in 1966, and an Assistant Vice-President.

He is a Mason and a member of the Dallas Junior Chamber of Commerce. His other affiliations include the Sigma Nu fraternity, the YMCA of Dallas, and the Highland Park Presbyterian Church of Dallas.

Anniversary of Undersea Oil Blowout

SANTA BARBARA, Calif. (AP) — This scenic resort city observes the first anniversary of a massive undersea oil well blowout Wednesday with an anti-pollution conference.

The declaration says, "All men have the right to an environment capable of sustaining life and promoting happiness," and proposes "a revolution in conduct toward an environment which is rising in revolt against us."

Oil from the blowout at an offshore drilling platform last Jan. 28 coated 800 square miles of ocean, blackened 40 miles of beach and killed hundreds of sea birds before it was checked. A few barrels still rise to the surface daily.

Residents of this city of 77,000 noted for Spanish architecture, mild climate and tawny beaches framed by purple mountains—have campaigned unsuccessfully since the disaster for a halt to offshore drilling and pumping.

The anniversary observance is sponsored by the "January 28 Committee," whose members are local conservation, civic, social and anti-oil groups.

A day-long program at the University of California campus here will feature addresses and panels on environment. On hand will be scientists, congressmen, public officials and conservationists. The speaker will be former Secretary of Interior Stewart Udall, who authorized the drilling, and later called the blowout "my conservation Bay of Pigs."

Other activities include a religious service on the beach near the yacht harbor once fouled by oil and the dropping of a buoy near the blowout site with a copy of the declaration attached.

Experiment in Welfare Said to Be Working

By EDMOND LEBRETON
Associated Press Writer
WASHINGTON (AP) — An 18-month-old experiment using the basic principles of President Nixon's welfare reform proposals indicates the administration idea can work, says the test director.

Acknowledging the evidence still is scanty, economist Harold W. Watts said nevertheless "the direction of the administration program is good."

Watts, head of the Institute for Research on Poverty at the University of Wisconsin, said in a telephone interview the experiment is designed to determine how working people not earning enough to support their families behave when given supplementary funds.

President Nixon has proposed substituting a guaranteed family income for the present welfare system of aid to dependent children, which goes mainly to families without a male wage earner.

Counting food stamps, Nixon's plan provides a federally guaranteed floor of about \$2,350 a year for a family of four, regardless of whether there is a male wage earner.

In calculating payments needed to bring a family to that level, the first \$60 a month of earnings would not be counted. Above this amount would be a \$1 reduction of federal benefits for each \$2 earned. Able-bodied adults in families assisted would have to accept suitable jobs if available or job training.

Watts indicated that although the evidence is not all in it can be said at this point "a program can be applied and administered for the working poor."

The tests, which started with 75 families in Trenton, N.J., and now involves 700 families in several states, also indicates, Watts said, "we can rule out some of the wilder hypotheses—either that everybody quits his job or that everybody works twice as hard."

"It doesn't turn them greener anything like that," he said. "They can go on about their business pretty much as they always did, but with a little more money."

The tests, funded by the federal Office of Economic Opportunity, were started before Nixon took office. But, Watts said, "the experiment includes a wide variety of ranges, wide enough to include those the administration is thinking about."

Rep. John W. Byrnes of Wisconsin, the top Republican on the House Ways and Means Committee which is considering the Nixon plan, had invited Watts to sit in on the committee deliberations.

Byrnes said in an interview the present welfare system must be drastically reformed. He said Nixon's proposal for a family welfare program is fundamentally sound.

Byrnes said he does not know what the Ways and Means Committee will do with the Nixon plan. He said it will probably be the middle of March before the committee makes a final decision.

Although Watts expressed approval of the basic Nixon plan, he said "it can be improved. I think the benefit levels will have to be changed in time."

Watts also said the Nixon proposal leaves too many decisions to be made administratively by the welfare secretary and his deputies.

However, Rep. Al Ullman, D-Ore., had strong doubts about the Nixon plan going far beyond "taste" reservations.

The administration proposals are so loosely drawn that some families might find it to their advantage to buy television sets in order to qualify for welfare payments, he said.

Ullman, a member of the Ways and Means Committee said over the weekend, "It's tragic—they're playing on the hopes of millions of poor Americans with talk about pie in the sky."

Weather Experiment Station report for 24 hours ending at 7 a.m. Monday, High 70, Low 36.

Wants His Son Treated Same as Others

COLLINGSWOOD, N.J. (AP) — Gov. William T. Cahill says he hopes his 19-year-old son John, arrested on charges of possessing marijuana, will be treated "the same as any other young man would be in similar circumstances."

The governor said his son had gone to Philadelphia to visit a friend when he was stopped by a highway patrol officer Saturday night.

"As a result of a routine check," Cahill said Sunday, "he was charged with possession of one cigarette containing marijuana and a small quantity of loose marijuana."

President Delays News Conference

WASHINGTON (AP) — President Nixon's news conference originally set for today has been postponed to later in the week—probably Thursday or Friday.

White House Press Secretary Ronald L. Ziegler said in announcing the delay that congressional action on a \$19.7 billion education spending bill was a key factor in prompting the postponement.

The House set today the vote giving final congressional approval to the bill, which the President has promised to veto as inflationary.

Ziegler indicated the President wanted to wait to face reporters until after the bill was passed and an attempt made in the House Wednesday to override the veto.

Hendrix Has Caused Stir in AIC Race

By THE ASSOCIATED PRESS
The Hendrix Warriors, though not contenders in the AIC basketball race, have caused a stir in the conference.

Losers of their first 12 games, the Warriors have now won four straight AIC contests, the last a 76-74 victory over Harding Saturday night.

Dewayne Nash hit two free throws with 36 seconds left to nail down the victory after Harding had battled back from a 47-39 halftime deficit to go in to a 74-73 lead with 50 seconds left.

Danny Russell led Harding with 24 points and Larry Lowe had 18 for Hendrix.

In other games Saturday night involving AIC teams, center Bill Barnes hit 31 points to lead Southern State to a 100-70 victory over Mississippi College.

Henderson whipped College of the Ozarks 93-81 and State College of Arkansas edged the University of Arkansas at Little Rock 85-77.

Southern State held a 44-38 halftime edge but Mississippi College fought back into a 55-50 lead before the Muleriders ran off 13 consecutive points. Barry McMahon added 20 points for Southern State. Jehu Brabham had 21 for Mississippi College.

Henderson pried up a commanding 50-36 halftime lead over winless Ozarks in increasing its AIC record to 7-2, tops in the league's Division B. Don English of Henderson and Phil Easley of Ozarks each had 23 points.

Proficient at the free throw line, State College of Arkansas held a 45-28 halftime lead over Arkansas at Little Rock. AIC scoring leader Conny Johnson pumped in 32 points and freshman Edgar Williams had 18. Donnie Branscum scored 22 points for UALR.

Angel Cordero Nearly Made It 4 in Row

By ED SCHUYLER JR.
Associated Press Sports Writer
Angel Cordero came within Fast Hilarious' neck of winning the Royal Palm Handicap for the fourth straight year.

Cordero, who rode the three previous Royal Palm winners, drove 14-1 shot Ocean Bar through the stretch at Hialeah Saturday, but Fast Hilarious got home by a neck for first money of \$20,085 from the gross purse of \$32,450.

Fast Hilarious, owned by Mrs. Dorothy C. Rigney, ran the seven furlongs in 1:21 3-5 under topweight of 124 pounds including Jacinto Vasquez, for a winning mutual payoff of \$8.60. Ocean Bar, 111, owned by Green Mill Farm, finished two lengths ahead of William S. Farish III's Royal Comedian, 112.

John A. Hersberger's Juvenile John tuned up for the \$100,000-added John B. Campbell Handicap next month by winning the \$29,100 Bowie Handicap at Bowie by a neck over Peter Fuller's Parchment, with AlJo Stable's Good Manners third, Juvenile John won last year's Campbell.

Red N Blue Fern's Doc Kope, ridden by Frank Lovato and carrying 114 pounds, held off Al Trolano's Special Glow, 120, for a half-length victory in the \$28,425 Militia Handicap for 3-year-olds at Liberty Bell Park. H.E. Worcester Jr.'s Lexington Park, 113, was third.

Sam Gray's and George Schmiedeskop's Ebony, \$9.60, scored by 2 1/2 lengths over Miracle Hill in the 1-16-mile, \$20,000-added Louisiana Handicap at the New Orleans Fair Grounds, and John A. Palumbo's Tall Order, \$9, won the 7 1/2-furlong, \$7,500 Newport Handicap at Narragansett Park.

Harding's Jim Duncan was fifth in the shot put, leaving it 52-10 1/2.

Jim Crawford, former Harding distance runner who entered the meet unattached, was fourth in the open mile. He ran it in 4:04.1.

Louis Wolfson Is Released From Prison

FORT WALTON BEACH, Fla. (AP) — Financier Louis Wolfson was released from federal prison today after serving nine months for selling unregistered stock.

Claude Williams, superintendent of the minimum security federal prison at nearby Eglin Air Force Base, said Wolfson left sometime after midnight.

Wolfson was met at the gate by members of his family, Williams said. Wolfson had turned in his prison clothing and equipment Friday and was eligible for release anytime after midnight Sunday, the superintendent said.

In advance of his release, Wolfson, who will be 56 Wednesday, described himself as "perhaps wiser" but not better.

For good behavior, Wolfson won release three months early on his one-year sentence. He has under appeal an 18-month sentence for perjury and obstructing an investigation by the Securities and Exchange Commission.

Wolfson's association with Abe Fortas led to the justice's resignation from the Supreme Court.

AM&N Places in 3 NAIA Track Events
KANSAS CITY (AP) — Arkansas AM&N placed in three events of the NAIA indoor track meet in Kansas City Saturday night.
Earl Goldman ran third in the 800-yard run with a time of 1:56.5. Andrew Vietnam tied for second at 6-feet-6 in the high jump and the Golden Lion mile relay team ran fourth in a time of 3:24.4.
Harding's Jim Duncan was fifth in the shot put, leaving it 52-10 1/2.
Jim Crawford, former Harding distance runner who entered the meet unattached, was fourth in the open mile. He ran it in 4:04.1.

WE'VE GOT SOME real sharp mobile homes. Come by our lot at 700 West Third. We'll be pleased to show you our units at the Oaks. Road Runner Camper Sales, Hope, Arkansas.

Double-Sale Gimmick Puts Squeeze on the Car Buyer

By **CARLTON SMITH** and **RICHARD PUTNAM PRATT**

Widespread use of a devious double-sale gimmick to bilk car buyers who default on car-loan payments has been revealed in a study of court files by a professor of law at the University of Connecticut.

Prof. Philip Shuchman, whose findings have been published in the Stanford (University) Law Review, says that "drastic changes" are needed in the laws of most states to protect car buyers from being victimized by the double sale. Here's how it works, as turned up in his study of more than 150 court cases:

Jones bought his \$3,000 auto a year ago with a modest down payment and three-year financing. He has paid off approximately one-third of the loan but now, in a sudden financial bind, he can't keep up the payments. With a balance of \$1,800 still owed, (he car is repossessed. Is that the end of it for Jones? By no means.

Shuchman suggests, as a remedy, "a simple version of an old 18th-century English doctrine called strict foreclosure." Whoever is financing Jones would have, as security, just the car and nothing more. Jones couldn't be sued for any deficit.

"Sounds like a sure way of discouraging Jolly Finance practices,"

(Newspaper Enterprise Assn.)

MONEY CLIPS

Frugality Pays Dividends

Contrary to common belief, Benjamin Franklin was not a tightwad. He was a sensitive and thrifty man but he never allowed his emotions or his frugality to work at cross-purposes. He believed everything had value and anything of value was worth keeping, but nothing should be held in idleness.

An example of this philosophy is Franklin's tea strainer, which he made from the first 11 coins he ever earned. He wanted to keep the dollar but insisted that such a luxury should have some worth-while return.

German Counterfeit Coins

Tourists to eastern Europe would be well-advised to use caution when buying any German commemorative coin, especially 3- and 5-mark pieces issued between 1915 and 1932. They may be counterfeit.

These unlawful pieces discovered by a German numismatic publication include the 3-Reichsmark coin of Dinkelsbühl dated 1926 and the 5-mark silver piece of Braun-Schweig, dated 1915, marking the marriage of Ernst August and Victoria Louise.

Examine both surfaces carefully. The counterfeit will undoubtedly show surface irregularities around the letters and numerals, resembling small, burst bubbles.

U.S. Gold Counterfeits

Word out of the Canal Zone has it that counterfeit U.S. gold coins are being dumped on the Panamanian market in large quantities. From here, the coins are expected to find their way into the continental United States by returning tourists and servicemen because they are copies of highly desirable

Then, three or four months later, comes the second sale of the car, by Friendly Auto Sales. This time, Shuchman found, "it brings a much higher price—more than 90 per cent of the open-market retail price."

This first sale, he reports, brings "on the average only about 50 per cent of the then open-market retail price." Understandably, the result was that "there was almost always a deficit still to be paid." Jones is liable for the full \$1,800 due on his note, so if Jolly Finance realizes (for example) only \$1,000 on the sale back to Friendly, Jolly goes about collecting the \$800 deficit from Jones—generally by garnishing his wages.

Then, three or four months later, comes the second sale of the car, by Friendly Auto Sales. This time, Shuchman found, "it brings a much higher price—more than 90 per cent of the open-market retail price."

In short, the car has been sold once for about half its honest value, and a second time for more than 90 per cent of its honest value. That adds up, we conclude, to about 140 per cent of the

car's real value.

Still, Jones is squeezed for a "deficit"—though, says Shuchman, "if the first sale had been at fair open market retail prices, the repossessor would have recovered more than 100 per cent of his net claim" against Jones.

It's a highly profitable game, to everyone except Jones. As a car buyer, there isn't much you can do about it, except to make sure that the obligation you take on when you finance a car—the monthly payment—is one you can safely handle, with a margin of safety for the financial woes that we all blithely assume can befall everybody but us.

WORLD ALMANAC FACTS

The men of ancient Sumaria, Egypt, Greece and the Roman Empire wore their hair short. The ancient Britons and Gauls favored long hair. The World Almanac notes that after the Normans conquered the Saxons in the 2nd century, Norman men adopted the Saxon custom of growing their hair "like women." Today many young men of the Western world are favoring long hair styles.

THE WELL CHILD

Not All Heart Defects Require an Operation

By **WAYNE G. BRANDSTADT, M.D.**

Q—Our daughter, 8, was found to have a heart murmur. Our doctor says she may outgrow this. She has never had any signs of heart disease. What could cause this? Is it serious?

A—If your daughter has a functional murmur (no organic heart disease) it is of no significance and she may very well outgrow it.

Q—My 1-month-old son was born prematurely and has a heart disease—truncus arteriosus. What is this? What can be done for it?

A—What your son most likely has is a patent ductus arteriosus, a congenital defect in which a fetal blood vessel connecting the main artery to his lungs with the aorta failed to close. Since serious complications are common surgical correction is advisable.

Q—My son, 12, had several attacks of heart failure as an infant. For these he was given oxygen in the hospital. He now gets spells of palpitation with a very fast pulse. Our doctor can't find any cause. Is this serious?

A—Your son probably has paroxysmal tachycardia. Most cases are frightening connectors items.

Genuine U.S. gold dated prior to 1933 may be brought back to this country legally but counterfeiters will be confiscated.

The bogus pieces are struck on perfectly matched dies and distributed from Lebanon. Their defects are similar to the granules and small, burst bubbles found on the German commemorative coins, although an acid test would more than likely prove them to be gold. A specific gravity test would indicate the composition to be unalloyed or pure, because the numismatic value is many times the intrinsic value.

The prevalent denominations are the \$2.50, \$5, \$10 and \$20 gold coins identified as U.S. Coins Numbers 95 and 96, 104 through 114 and 116 in my book, "Cowles Complete Encyclopedia of U.S. Coins." Chapter 11 in the encyclopedia describes methods of verification to help you avoid acquiring a counterfeit coin.

Exported Kennedy Half-Dollar
 A few weeks ago, we tried

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of this paper. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

to explain why there was a shortage of Kennedy half-dollars in the United States. I reported that exports of the coin have made it just as popular abroad as it is with U.S. collectors.

Continuing my report, this week's issue of Coin World carries an item from the Washington Post in which the editor reveals the current value of the Kennedy half as \$22 in Soviet Russia and \$42 in Nairobi, Kenya.

On the other hand the coin is rated at roughly 75 cents in Thailand but those fortunate to own one consider it a token of reverence that butters on worship.

Oswald: "It is remarkable that so few bridge players really know the correct technical play with ordinary card combinations. South ruffed the third heart, cashed his ace of spades, led a spade toward dummy's king and finally paused to do some thinking when West was unkind enough to fail to produce a second trump."

Jim: "I can see that this late thought couldn't help him."

Oswald: "It did help him a trifle. He decided to play the rest of the trumps in the hope that East would not hold a fourth heart. East did hold that fourth heart, so South was down one. Other lines of play would have left him down two."

Jim: "I suppose he complained about his bad luck."

Oswald: "Why not? Suits break 3-2 some 68 per cent of the time. On the other hand, it is too bad he didn't know the correct way to play this type of hand."

Jim: "If he had played out his ace and queen of spades first, he would have been able to handle the 4-1 spade break. He could then proceed to lead clubs and East could trump in whenever he wished to do so. The king of spades would then be an entry to dummy for the rest of the club suit."

Oswald: "Assuming that spades broke 3-2, this way of playing spades would be no different from any other."

Jim: "In rubber bridge, if spades did break 3-2, a careful declarer should then insure against a 4-1 club break by ducking one club. In duplicate, he would ignore this final safety play and go after the overtrick, but in any form of game, he should have played trumps the way we pointed out."

Ambulance Franchise Is Awarded

A new ambulance service will soon be operating in Hempstead County, according to County Judge Finis Odom. The new service will be known as Hempstead County Ambulance Service and will be operated by Perry Campbell, James Vess and Larry Moser.

A committee composed of Judge Odom, City Manager Garland Medders, Chamber of Commerce President Hubert Thrash, Hempstead County Memorial Hospital Administrator Bill Cross and Dr. Jim McKenzie talked with ambulance operators from Batesville, Little Rock and Magnolia prior to the time that Mr. Campbell and his partners became interested.

Mr. Campbell's group came up with the best proposal and will be awarded a franchise for the County beginning soon. This service will replace the service formerly provided by Herndon and Oakcrest Funeral Homes who had announced publicly in November 1969 that they were giving up the service.

"Charges for the service will have to be higher than for previous service," said Mr. Campbell. "We cannot operate and provide adequate service under the old rates and we feel that the new rates are not out of line," he said.

County Judge Odom stated that according to the committee's investigation rates offered ranged from \$15.00 to \$30.00. The new rates, according to Mr. Campbell, will be \$20.00 to \$25.00 with a mileage charge in addition for all out of the city calls.

"We are delighted to have Mr. Campbell and his partners provide this service for Hempstead County," said Judge Odom, "and we are confident that they will provide good service for us."

Opposition for 2 School Board Posts

Here is the school board ballot following the deadline last weekend:

Post No. 1 Bill S. Watson, no opposition.

Post No. 2, Al Graves, Jr. and Mrs. Ophelia V. Williams.

Post No. 3, Wesley Huddleston and W.M. Muldrew.

The three incumbents, George Frazier, Herbert Rogers and Sam Strong did not file for reelection. The election will be held on Tuesday, March 10.

Congress Moves Toward Showdown on HEW Bill Which Nixon May Veto

By JOHN BECKLER
Associated Press Writer

WASHINGTON (AP) — A showdown both sides seem to want appeared certain today as the House moved toward final congressional approval of the \$19.7 billion education money bill President Nixon plans to veto.

Although both chambers had approved the bill, covering the current fiscal year, the House had to act again today to bring its original version in line with a minor change made by the Senate dealing with the anti-poverty program.

The promised attempt by the Democratic-controlled Congress to override Nixon's veto will be a test of strength that could have a telling effect on the fall elections.

Nixon says the appropriations bill for the Departments of Labor and Health, Education and Welfare goes over his recommendations by \$1.2 billion and is inflationary.

The Democrats, and many Republicans, say the issue is one of priorities. A major question is how to fund the nation's education needs.

Congress and the president expected the bill to go to the White House and a veto to be late Tuesday or Wednesday. The override attempt will be the first in the House, probably on Friday.

With only 147 votes—one-third of the House membership plus one—needed to sustain a veto, the Republican leadership has

Bitterly Fought No Warning Police Raids of Homes Up for Vote

By LAWRENCE L. KNUXTON
Associated Press Writer

WASHINGTON (AP) — A bitterly fought provision allowing no-warning police raids of homes where narcotics are suspected of being used was called up today for a Senate vote.

The provision was denounced in the strongest terms by opponents, led by Sen. Sam J. Ervin, D-N.C., who said it was a flagrant violation of the Constitution's Fourth Amendment protection against unreasonable search and seizure.

The chief sponsor of the bill that included the no-warning measure, Sen. Thomas J. Dodd, D-Conn., said he supported the provision, but would not actively defend it in debate.

Although Dodd said he didn't think the no-warning measure was dangerous to basic constitutional rights, he indicated he did not want the entire bill, aimed at curbing illicit trafficking in narcotics, to flounder over the provision.

However, Ervin, a former judge on his state's Supreme Court, left no doubts about his feelings.

"This section permits federal narcotics agents to act like burglars and enter a house by stealth or by force," Ervin told the Senate in earlier debate.

But Dodd, in a statement reflecting Justice Department thinking on the subject, said the provision "should not be considered part of a television script that conjures up visions of kicked-in doors, sinister police invading residences in the dark of night and other apocalyptic characteristics of a police state."

"The only cases where a no-knock warrant may be judicially authorized is when notice, of authority and purpose would lead to the destruction of the evidence sought or place the officers executing the warrant in danger of bodily harm," he said.

Ervin, in introducing—with nine other Judiciary Committee members—an amendment to eliminate the no-knock provision, said he believed the right to privacy was indeed in jeopardy.

He said the bill requires federal agents "to swear to facts that are false at the time they are sworn to—that the householder will destroy the suspected narcotics before the agent gets in."

The Dodd bill generally calls also for a sweeping overhaul of the penalty system for drug abuse with stern penalties pro-

vided for professional dealers in hard drugs and lesser sentences for persons convicted of simple possession of marijuana.

It also enables the Justice Department to set up a schedule differentiating between types of narcotics, drugs and dangerous substances and the degree in which they are to be restricted from public distribution.

And it calls for creation of a commission to consider the nature of marijuana and its long term effects.

Court Ruling Favorable to Students

WASHINGTON (AP) — The Supreme Court ruled 6 to 2 today that local draft boards may not strip student war protesters of their deferments and reclassify them as "delinquents."

"We do not find any indication," said Justice Hugo L. Black, "that Congress intended to allow the draft boards to deprive otherwise qualified students of their deferments" for opposing the Vietnam war and giving up their draft cards as an act of protest.

The ruling, which drew objections from Chief Justice Warren E. Burger and Justice Potter Stewart, follows hard on the heels of a high court ruling last Monday that said draft boards may not accelerate the induction of war protesters already in 1A category.

The new ruling bars classification to 1A from any deferred or exempt category. Student deferments comprise one such group.

The government rationalized the massive reclassification of war protesters by saying they were not being punished for their actions but were being declared delinquent for not having draft cards in their possession.

But Black said Congress, in writing draft law, clearly intended to give students a deferment and "did not specifically provide or in any way indicate that such deferred status could be denied because the registrant failed to possess his registration certificate."

Both Black said Congress, in writing draft law, clearly intended to give students a deferment and "did not specifically provide or in any way indicate that such deferred status could be denied because the registrant failed to possess his registration certificate."

Ervin, in introducing—with nine other Judiciary Committee members—an amendment to eliminate the no-knock provision, said he believed the right to privacy was indeed in jeopardy.

He said the bill requires federal agents "to swear to facts that are false at the time they are sworn to—that the householder will destroy the suspected narcotics before the agent gets in."

The Dodd bill generally calls also for a sweeping overhaul of the penalty system for drug abuse with stern penalties pro-

vided for professional dealers in hard drugs and lesser sentences for persons convicted of simple possession of marijuana.

It also enables the Justice Department to set up a schedule differentiating between types of narcotics, drugs and dangerous substances and the degree in which they are to be restricted from public distribution.

And it calls for creation of a commission to consider the nature of marijuana and its long term effects.

The chief sponsor of the bill that included the no-warning measure, Sen. Thomas J. Dodd, D-Conn., said he supported the provision, but would not actively defend it in debate.

Although Dodd said he didn't think the no-warning measure was dangerous to basic constitutional rights, he indicated he did not want the entire bill, aimed at curbing illicit trafficking in narcotics, to flounder over the provision.

However, Ervin, a former judge on his state's Supreme Court, left no doubts about his feelings.

"This section permits federal narcotics agents to act like burglars and enter a house by stealth or by force," Ervin told the Senate in earlier debate.

Court Rules Parks Can Be Segregated

WASHINGTON (AP) — The Supreme Court ruled 5 to 2 today that a park deeded for white use in Macon, Ga., can be turned back to private heirs to keep Negroes out.

Justice Hugo L. Black, speaking for the majority, said under Georgia law the park may be turned back in deference to the wishes of the benefactor that it not be integrated.

The decision involves Baconsfield Park in Macon, which was established under the will of the late U.S. Sen. Augustus Octavius Bacon. He specified that it be operated for "white women, white girls, white boys and white children."

In 1966 the Supreme Court ruled that if the park was to be a public one Negroes could not be denied access. But Georgia courts followed by approving the return of the park to Bacon's heirs. This is the decision upheld today by the high court.

Black said: "We are of the opinion that in ruling as they did the Georgia courts did no more than apply well-settled general principles of Georgia law to determine the meaning and effect of a Georgia will."

Georgia law, he continued, explicitly authorized Bacon to include racial restrictions and the city accepted the trust with these restriction in it.

Rifle Used in Yablonski Case Is Recovered

CLEVELAND, Ohio (AP) — U.S. Attorney Robert B. Krupansky said today divers have recovered a .30-caliber M1 carbine from the Monongahela River.

But said he had no information it was one of the weapons used to kill United Mine Workers official Joseph Yablonski, his wife and daughter.

Krupansky, who will convene Tuesday a grand jury investigation of the slayings, said the weapon was found in the river about five miles from the Yablonski home in Clarksburg, Pa., scene of the killings Jan. 5.

The Washington Post and Cleveland Plain Dealer reported that FBI ballistics tests had proved the gun was used in the slayings.

Krupansky also said he had no information on reports that a civilian diver Saturday pulled from the river a bag containing ammunition and wire cutters.

"They may have, but at least I have no information yet," he said.

Both the Post and the Plain Dealer said divers were continuing to search for a 38-caliber pistol believed used by Yablonski's killers.

Rotary Club Endorses Millage Hike

Recognizing that the schools of Hope School District 1-A need more local financial support and that the patrons of the school expect and deserve the best in their educational system, the Rotary Club has voiced its approval of the request for additional millage made by the Board of Education, Hope School District 1-A.

In a meeting on Friday, January 23 at the Town and Country, Four B's Bar, Garland Medders, Guy Baysie, Jerry Whier, and Robert LaGrone, volunteered to appear before groups of local citizens on behalf of the proposal. The public will have a chance to vote on it March 19.

Under the direction of President Remy Coleman, several matters of business were discussed. Ladies Night was set for February 13, and Syd McMath, Roy Anderson, and Bill Miller were appointed as a committee to complete arrangements for it.

Harold Bakley announced that a special speaker would appear before the club on February 6 to discuss drug addiction, a problem with local as well as national aspects.

In addition to the club members, John May of Tulsa also attended the luncheon meeting.

Speculation Is That Committee Has Already Approved Carswell

NEW YORK (AP) — The chairman of the American Bar Association's federal judiciary committee says "there's a lot of basis" for speculation that the committee has approved informally the nomination of G. Harold Carswell to the U.S. Supreme Court.

After the committee deliberated here Sunday night, Lawrence E. Walsh, the chairman, said of reports that Carswell's nomination had been approved: "If you're going to speculate that way, there's a lot of basis for it. I wouldn't speculate the other way."

He said the committee would announce Tuesday morning whether Carswell, in its view, is "qualified" or "not qualified" to be an associate justice of the Supreme Court. Since the committee began rating Supreme Court nominees in 1956 it has found every one of them qualified.

Meanwhile, in Washington, former Vice President Hubert H. Humphrey said Carswell should be judged on his record and not for a speech he made while seeking public office in 1948 that endorsed white supremacy.

"I don't think you should hold a man accountable for a speech that he made 20 or 25 years ago under entirely different circumstances," Humphrey said.

"I am sure that the Senate will take a good look at his record. And if that record shows a sense of balance and a sense of openness then he should be confirmed."

President Nixon nominated Carswell, 50, a federal appeals court judge for the 5th Circuit in New Orleans, last Monday to fill the Supreme Court vacancy left by the resignation last year of Justice Abe Fortas.

Walsh, a former federal district judge and personal representative of Nixon at the Paris peace talks, said the committee had not made a final decision on Carswell, but would complete its work by telephone.

Walsh said the committee's decision would be relayed immediately to Sen. James O. Eastland, D-Miss., whose Senate Judiciary Committee is scheduled to open hearings on the nomination Tuesday.

Carswell, who lives in Tallahassee, Fla., was Nixon's second choice for the vacancy. The Senate, by a 55-45 vote, declined to approve the nomination of Judge Clement F. Haynsworth Jr.

No Damage in Accident

City Police reported that an auto driven by Syd McMath was backing out of a driveway on South Elm Friday and a hit a parked car owned by Jewel Fore McCain.

There was very minor damage, City Patrolman Balfom Investigated.

4 Shootings in County, One Killed

By THE ASSOCIATED PRESS

SAIGON (AP) — U.S. B52 bombers have made their heaviest overnight raids in nine months, attacking North Vietnamese supply depots inside Laos, in the A Shau Valley and along the Cambodian border. About 60 planes dropped nearly 2,000 tons of explosives.

TEL AVIV (AP) — Arab and Israeli forces clashed on all fronts over the weekend, with Israel denying reports that Arab forces shot down three Israeli planes and attacked a radar station. The Israelis clashed with Egypt, guerrillas in Lebanon, and Saudi Arabian forces in Jordan.

Lagos (AP) — An American relief coordinator in Nigeria says if homeless 100 tribesmen from defeated Biafra do not get to their homes before the spring rains they could end up on relief supplies for 20 months, perhaps creating a problem similar to that of the Palestinian Arabs.

WASHINGTON (AP) — A showdown seems imminent on the \$19.7 billion education appropriations bill which President Nixon has promised to veto. The House is due to act on a minor Senate-made change in the bill today with a test of the veto expected in the House Wednesday.

WASHINGTON (AP) — The director of the Institute for Research on Poverty at the University of Wisconsin says an 18-month-old experiment shows President Nixon's proposed welfare reforms can work. He said the idea of supplementing the earnings of a poverty-level family with a wage-earner does not lead to the wage-earner quitting his job.

WASHINGTON (AP) — The Senate votes today on a provision in a bill aimed at curbing illicit traffic in narcotics, the provision, which has been severely attacked and only marginally defended, would permit police to raid homes where narcotics are suspected of being in use without having to knock or otherwise warn residents.

Lumber Dealers Name President

NOT SPRINGS, Ark. (AP) — C. W. Bonsteel of Harrison has been elected president of the Arkansas Association of Lumber Dealers to succeed Frank Gilbert of Prescott. Other officers elected at the retail lumbermen's meeting here Saturday were Bob Franklin of Little Rock, Paul Roach of Jonesboro and Dayton Fish of Stacy City, vice presidents; E. C. Rorex of Little Rock, treasurer, and Bob Wimberly of Little Rock, executive secretary.

There was one survivor, a newsman who was seriously injured. The five other dead included the four crewmen of the Convair 240 and a doctor from the PRI, Echeverria's ruling Revolutionary Institutional Party.

The plane, owned by the Federal Electricity Commission left Mexico City's International Airport with seven others carrying the candidate, party officials and other newsmen and photographers.

The fire on the ninth floor of the 25-story hotel sent 19 persons to hospitals and necessitated first aid treatment for 20 other persons in the hotel.

Hotel Fire Leaves Two Mutes Dead

CHICAGO (AP) — Two young deaf mutes who died in a Sunday morning fire that routed hundreds of guests from the downtown Conrad Hilton Hotel "never had a chance," said Chicago Fire Commissioner Robert J. Quinn.

Efforts at mouth-to-mouth resuscitation by firemen failed to revive the two 17-year-olds. "The smoke got them before we opened the door," said Quinn.

The fire on the ninth floor of the 25-story hotel sent 19 persons to hospitals and necessitated first aid treatment for 20 other persons in the hotel.

14 Killed in Plane Crash in Mexico

POSA RICA, Mexico (AP) — Fourteen Mexican newsmen and five other persons were killed Sunday when a plane carrying them on the campaign tour of presidential candidate Luis Echeverria crashed into a hill near Poza Rica, a coastal town 130 miles northeast of Mexico City.

There was one survivor, a newsman who was seriously injured. The five other dead included the four crewmen of the Convair 240 and a doctor from the PRI, Echeverria's ruling Revolutionary Institutional Party.

The plane, owned by the Federal Electricity Commission left Mexico City's International Airport with seven others carrying the candidate, party officials and other newsmen and photographers.

LET'S REFLECT

Absence of occupation is not rest; a mind quite vacant is a mind distressed.—Selected from Apples of Gold.

CHRISTIAN BENEVOLENT SOCIETY MEETS

The Christian Benevolent Society held its first meeting of the new year January 17, 1970. The president welcomed all members, and a discussion of the Sunday School lesson for January 18th was conducted. Minutes of the last meeting were read and roll called.

The next meeting will be held February 14th. Mrs. Bernice Humbert, Reporter; C.G. Carmichael, President.

OBITUARIES

Mrs. Viola Simpson, a longtime resident of Hope, passed away in a local hospital Sunday, January 25, 1970.

Survivors include her husband, Edward Simpson, her father, Dan Hawkins of Magnolia, Arkansas; two sisters, Mrs. Beulah Mae Ware of Los Angeles, California, and Mrs. Julia Piggee of Muskegon, Michigan; two brothers, Daniel Hawkins of San Francisco, California, and J.T. Hawkins of Muskegon, Michigan. Funeral arrangements are incomplete and will be announced by Hicks Funeral Home, Inc.

Mrs. Mary Hudson Jones, a longtime resident of Hope, Ark., widow of the late Mr. Jim Jones, passed away in Gary, Indiana Sunday, January 25, 1970.

She is survived by three daughters, Mrs. Mary Hegwood, Mrs. Ruth Andrews, and Mrs. Jimmie Brown, all of Gary; two grandchildren; 1 great grandchild, one brother, Joe Hudson of Pittsburgh, Pa.

Funeral arrangements are incomplete and will be announced by Hicks Funeral Home, Inc.

50TH WEDDING ANNIVERSARY OF THE WILLIAM COOPER'S

Members of the Anna P. Strong Club, of which Mrs. William Cooper is a member, surprised Mr. and Mrs. Cooper with a celebration on their 50th wedding anniversary Thursday, January 22, 1970.

A delicious luncheon was served buffet style in the Cooper home. A brief program was opened by Club President Mrs. Estelle Spearman. She turned duties of Toast Mistress over to Mrs. M.L. Rutherford, Vice President of the Club. Mrs. L.C. Crafton read a poem and others also gave tribute to the honored couple. Many lovely and useful gifts were given to the Coopers. They expressed their sincere appreciation to the following: Mesdames, Estelle Spearman, M.L. Rutherford, Neva Carmichael, Martha Thompson, L.C. Crafton, Shirley Davis, Veronica Phillips, Leona Hill, Katie Harris and Miss B.L. Brittan.

The regular club meeting will be held in the home of Mrs. M.L. Rutherford February 6th with Mrs. L.C. Crafton co-hostess.

About the least profitable selling job we can think of is being a top salesman for go-go costumes.

Bank Names New Board Chairman

PINE BLUFF, Ark. (AP) — Wayne A. Stone has been named board chairman of the Simmons First National Bank of Pine Bluff to fill a position that has been vacant for five years. Stone will continue in his former capacity as the bank's chief executive officer. Louis L. Ramsay Jr., a member of the bank board for 17 years, was named to succeed Stone as president.

Romney to Announce Future Plans

By JAMES PHILLIPS
Associated Press Writer
WASHINGTON (AP) — Secretary of Housing and Urban Development George Romney called a news conference today to announce whether he would try for the U.S. Senate from Michigan.

Sources here and in Romney's home state indicated the former Michigan governor and unsuccessful candidate for the GOP presidential nomination would stay in President Nixon's cabinet.

Speculation continued before the news conference that a Romney renunciation of the seat, now held by Democrat Philip A. Hart, could still result in a Romney trying for the post — the secretary's wife Lenore.

Michigan GOP leaders figured the former governor was the strongest candidate they could field against the popular Hart and they wanted his decision quickly.

Although he never really indicated he wanted the Senate, Romney agreed to consider the race.

He met earlier this month with Michigan Gov. William Milliken; the state's two most important members of Congress, House GOP Leader Gerald R. Ford and Sen. Robert P. Griffin, and national Committeewoman Elly Peterson.

Although he asked them for more time to make up his mind, sources indicated the four party leaders left Romney feeling he would remain as HUD secretary.

Romney had constantly said publicly he was committed to the Housing job and his aides worked hard to dispel speculation that he was frustrated with the relatively low priority given his department by the White House.

Speculation cropped up about Mrs. Romney's possible candidacy about 10 days ago after Ford said she had "some real potential as a Republican nominee for the U.S. Senate."

They said they would begin a

Inspection of Chickens No Longer Required

By G. DAVID WALLACE
Associated Press Writer
WASHINGTON (AP) — A

government panel says safety no longer requires federal inspectors to reject chickens containing cancer viruses.

The panel has recommended a change in poultry inspection standards to limit condemnation to chickens that might look disgusting.

Agriculture Department officials say the basis for the recommendation is the failure of recent experiments to show poultry cancer viruses present any danger to humans.

Department officials are awaiting an opinion from the surgeon general before making any decision on the recommendation of eight veterinarians and animal disease specialists.

The panel's report involves two forms of poultry viruses—avian leukosis and Marek's disease—usually lumped together as leukosis.

Virtually all birds harbor the virus in differing degrees. When the virus gets out of control, birds become diseased. Some die. Those which survive often develop lesions and tumors as an after-effect.

Traditionally, inspectors accept the tumors as evidence of excess virus and reject the chicken.

Under the proposed new standard, only chickens whose internal organs showed the disease was active would be considered unsafe for humans.

A bird with tumors on one wing, for instance, is now considered unsafe. But the new recommendation says it would be safe to cut off the wing and use it in such products as hot dogs while selling the rest of the bird as cut up chicken.

Leukosis is the major cause for rejection of frying chickens by federal inspectors. Of the 176 million fryers slaughtered under federal inspection in November, inspectors condemned 2 million for leukosis.

Dr. J. Spencer Munroe, a New York University professor who injected an artificial leukosis virus into monkeys in 1963 and found the animals developed tumors, said he has some doubts about the recommendation.

But Dr. Caro E. Luhrs, the Agriculture official working closest with the specialists on the recommendation, said later research has superseded Munroe's findings.

And recent experiments by department researcher Dr. Ben R. Burnmaster, probably the most respected specialist in the field, have shown the results obtained with the artificial virus probably were caused by other, unspecified elements.

Agriculture Department officials expect an opinion from the surgeon general within a week or so.

letter-writing campaign to encourage Gov. Winthrop Rockefeller to allow the program to function.

During the board's meeting Friday in which VISTA workers made an hour-long presentation, they were denied permission to see a letter written by Mrs. Hazel Hooper, president of the Freedom Inc. chapter in Texarkana, stating her organization's position on VISTA.

The letter reportedly criticized the VISTA program and several of its proposals, saying that VISTA plans for a coffee house would encourage interracial mixing, and that a VISTA suggestion that poor persons accused of crimes be released before trial without posting bail bonds would increase the crime rate.

76ers, Rockets Know Where Basket Is

By THE ASSOCIATED PRESS
You would have thought they were pitching marbles into a washtub the way the 76ers and San Diego Rockets were putting the ball through the hoop at Philadelphia's Spectrum. In their greatest offensive

show ever at home, the 76ers out-bombed the Rockets 159-131 in a National Basketball Association game Sunday. Archie Clark of the 76ers was the chief marksman, hitting on 15-of-18 shots from the floor and finishing with 36 points. Wally Jones added 31 for Philadelphia, while Elvin Hayes poured in 27 for the Rockets, who lost their sixth straight. In other NBA action Sunday, New York edged Boston 102-96 Milwaukee whipped Atlanta 131-115, Los Angeles took Phoenix 118-106 Cincinnati topped

Baltimore 129-122, and Chicago downed Detroit 120-111. New York beat Indiana 96-83, Pittsburgh took Carolina 108-101, Denver drubbed Dallas, 127-115, and Washington topped Miami 113-106 in the American Basketball Association. Cassie Russell came off the bench to key a New York drive that gave the Knicks a 44-32 lead in the first half and then, with the score tied 79-79 early in the fourth quarter, came off the bench again to score three straight baskets and put New York in front to stay, 85-81. Russell finished with 25

points. John Havlicek topped Boston with 24. A national television audience watched Milwaukee stay five games behind first-place New York in the Eastern Division and cut Atlanta's Western lead to three games over second-place Los Angeles. Flynn Robinson scored 33 points and Lew Alcindor 31 for Milwaukee, which broke the game open in the third quarter as Atlanta went 6 1/2 minutes without a field goal. Joe Caldwell led Atlanta with 22 points. Jerry West gunned Los An-

gels to its fourth victory in four nights with 38 points. Phoenix was paced by Gail Goodrich with 22. Oscar Robertson did his thing for Cincinnati and to Baltimore. The Big O hit 14-of-25 field goal attempts and all 13 of his foul shots for 41 points, handed out 15 assists and grabbed 10 rebounds. He got 17 of his points in the final quarter as the Royals won their sixth straight at home. Ray Scott collected 28 points for Baltimore.
